SOCIAL MEDIA AND INTERNET SAFETY

Some pupils in KS2 have been using social media such as Facebook, Instagram and Snapchat to communicate with friends. We would like to point out to parents the risks involved in using such sites. If you find that your child/ren have joined a social media service without your permission, we advise that you to discuss this with your child/ren and find out why they have signed up and explain your concerns before taking any other action. The school can advise parents on how to disable any accounts a child has to ensure they are not exposed to inappropriate content.
