

Monday 11th January 2021

Dear Parents/Carers,

We are in the process of organising Read Write lessons that will take place and go live within the next few weeks. You will receive notification of this via a link in your current Google classroom.

Your child will be taught in the Read Write group that they were in prior to lockdown. Their Read Write tutor will continue to make ongoing assessments of your child and they may move groups. You will be advised if this happens.

There will be Read Write resources prepared for your child in order for them to take part daily and we will inform you when these packs are ready for collection. The pupils' focus for the present will be on reading and we would appreciate your support with this. Please make time to listen to your child read every day for at least 15 minutes.

We thank you for your patience as this is a lengthy task to organise for the whole school. We look forward to seeing your child online for Read Write.

Take care and stay safe.

Kind Regards

Estee and Nancy
Read Write Inc Team
