

1E Class Newsletter

Friday 21st November 2025

UPDATE

Dear Parent/Carers,

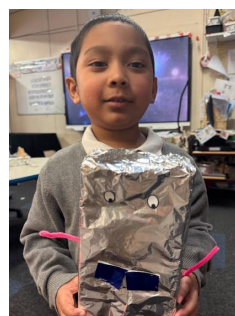

We are halfway through Autumn 2 term and I am delighted to share the highlights over the past few weeks. You shall receive the next update on Friday 19th December 2025, so please stay tuned for any news and important dates.

A quick notice and reminder for all parents; please ensure you are up to date with the **school newsletter** as there are separate reminders and important notices that will be shared.

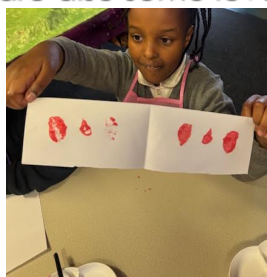

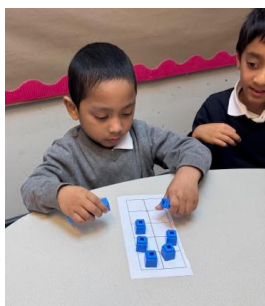

This newsletter is to celebrate the learning and fantastic achievements in 1E.

SCHOOL LEARNING

In our talk through stories sessions, the children have started reading 'Meet the Planets', 'Hello star' and will continue reading space themed books. The children will also be focusing on various focus topics linked to our 'outer space' focus topic. Here are some pictures of the children junk modelling robots.

The children have done a fantastic job practising their number bonds to 10 using number frames as well as doubling and halving! Some of our children have been practising matching and identifying numbers between 1-5 and 1-10, they have also practised identifying doubles up to 5 as well as halves. Some children even practised their doubling and halving numbers up to 10! Here are also some lovely pictures of the children cutting objects into half.

During week 1, our focus topic was based Guy Fawkes. The children really enjoyed completing various activities from printing fireworks to using drawing fireworks using our scratch paper! Here are also some wonderful pictures of the children engaging in space themed arts and crafts activities during their bucket session! We look forward to inviting you all to come and see what and how a bucket group session is delivered in our classroom!

As part of the children's speech therapy and fine motor skills, the children have weekly access to a programme that is also linked to colourful semantics i.e who, what, doing - So far to tie in with our space theme, the children have done a fantastic job on 'decorating' alien cupcakes and made space rocket fruit kebabs. It was lovely to see the children exploring and handling healthy foods too, it went down a treat and there very quickly became a shortage of strawberries...hmmm... I wonder why?!

ACHIEVEMENTS

Well done to Fatima for showing a positive attitude towards your Maths learning! You did a fantastic job counting doubles!

Well done to Najah for having a positive attitude to school this past two weeks and working really hard.

Well done Zarif for excellent reading in RWI lessons.

Thank you to Leah and Leah's Mum for participating in funky hair day- Leah loved sharing her hair style with us.

Important reminders!

Autumn 2 School Closure: Monday 24th November 2025

Winter Fair- Wednesday 3rd December 2025

Upcoming Educational Visit- V&A Museum Bethnal Green- Friday 12th December 2025

Upcoming Parental engagement week - on Tuesday 2nd December from 2.30-3.15 we welcome you to read a story with the children in class, see how the children practise phonics (blending practise).

Please note: The parents who will need to attend educational visits will be contacted, if you have not been contacted please assume your child will manage on school trips independently. Thank you for your support.

Notice for non-uniform days: Please ensure you download and check the MCAS APP for any important reminders. Please speak with the office staff to give you a QR code to help you set this up.

Homework books and **reading books** must be brought into school and returned before receiving a new book or the most recent homework pack.
