

Dear Parents/Carers,

RE: Warm Weather Preparation, Uniform, and Fan Policy Reminders

With the arrival of the warmer weather, we want to ensure that all of our pupils remain safe, comfortable, and able to enjoy their learning both inside and outside the classroom.

We have noticed a number of pupils arriving at school wearing several layers of clothing. This is not deemed appropriate for the hot weather, and we want to ensure our children do not overheat.

To help your child stay cool, please ensure they are appropriately dressed according to our summer uniform guidelines:

- **Girls:** Can wear a blue gingham summer dress.
- **Boys:** Can wear shorts and a white t-shirt.

For full details on our footwear and standard uniform expectations, please [\[click here to access our uniform policy\]](#).

While we want children to stay cool, please note that **electronic fans (including handheld, battery-operated, or USB fans) are not allowed in school**. These devices can cause distractions in the classroom and present potential safety hazards. If children wish to use a manual, folding hand fan, they are welcome to bring one.

Please help us keep your child safe in the sun by ensuring the following routine before they leave for school each morning:

- **Suncream:** Please apply high-factor suncream to your child *before* they come to school.
- **Water Bottles:** Ensure your child has a reusable water bottle with them. **Pupils will have access to water to refill their bottles throughout the day.**
- **Hats:** Please send your child to school with a sun hat or cap to wear during break times.

Thank you for your continued support in keeping our pupils safe, hydrated, and comfortable during the summer term.

Yours faithfully,

Tahreena Ward
Principal
